PRESS RELEASE

For immediate release on 14/03/2022

Unprecedented Risk

2 Day Conference / June 1 & 2nd 2022

Comsure's annual Financial Crime Conference returns in the aftermath of Covid19, the FATF, EU evaluations and the reality of the war between nations.

This insightful and engaging two-day conference will mark the 4th occasion Comsure and CLBS have collaborated to deliver cutting-edge insights to the Mauritian Financial Services sector. Since their first conference in July 2018, it has become the go-to risk event in Mauritius. In these truly unprecedented times, this event is more significant than ever.

After the last event in November 2020, Mauritian professionals again have the opportunity to meet face to face, network and share critical information, and listen to a range of subject experts from the public and private sectors in Mauritius and further afield.

Mathew Beale, Comsure's CEO, commented, "This conference can be the starting point for **Strategic Risk Thinkers** to come together and share their experiences, thoughts and ideas. Over my 40-year career, I have never seen the financial Services industry buffeted by risk as it is today. These new risks are unprecedented in their character, not just their scope. I know Mauritius has faced these crosswinds of risk, including the FATF and EU, with resilience and character. However, this is not the time to rest on our laurels; this is where the hard work starts."

Comsure will issue further details on the conference on the 21st March 2022.

Pre-bookings and event questions should be directed to

CLBS Kevin@clbsonline.com or Shalini@clbsonline.com

Ends.
